Profile

I possess a diverse artistic background in the fields of motion graphics, video editing, design, as well as digital and performative arts. I transform concepts into compelling visual narratives, strengthen brand identities, and engage audiences. In addition to my software proficiency, I place great value on creative brainstorming, writing original scripts, and teamwork.

Professional Experience

Video Editor, Motion Graphics Designer, and Visual Artist | Freelancer (Remote)

Feb 2020 - Now

- Video Marketing: Creation of targeted promotional videos and motion graphics for diverse products in a remote setup.
- Visual Arts & Video Mapping: Conception and design of digital performances for theater and live events.
- Project Highlight (Basel): Technical and artistic implementation of a video mapping for a dance performance at Tanzhaus Basel; creating a visual synergy between movement and digital art.
- Full-Cycle Management: Independent project management from the initial sketch to the final technical realization on-site.

Video Editor and Motion Graphics Designer | UGYM (Full-time)

Feb 2023 - Sep 2024

- Conception & Storyboarding: Creation of creative scripts and visual storyboards for high-end motion graphics.
- Post-production: Editing and processing of marketing videos using the Adobe Creative Suite (Premiere Pro, After Effects).
- Interdisciplinary Collaboration: Close cooperation with the marketing team to implement campaign goals based on performance analysis and feedback.

Video Editor und Motion Graphics Designer | Momentumgears (Full-time)

Mar 2020 – Dec 2023

- Production & Cinematography: Active participation on set as a cameraman and photographer; ensuring high-quality raw footage for post-production.
- Advertising Campaigns: Creation of high-performance video ads and motion graphics to increase brand awareness.
- Post-production & Finishing: Full-service editing, including color grading, sound design, and compositing (Adobe Creative Suite).

Graphic Designer and Video Editor | Azma Molding Co. (Internship and Part-time)

Mar 2017 – Apr 2019

- Digital & Print Design: Designing visual content for social media and creating print materials (posters, brochures, and catalogs).
- Product Demonstration: Production and post-production of product videos to illustrate technical details on digital platforms.
